```
   var readerView = false;

   var redister=false;

   $(".signin_btn1").click(function()

   {

     if(readerView == false)

     {

       $( "#maining" ).toggle();

       $("#loginn").show();
```

```
      readerView = true;

    }

    else

    {

      $( ".body" ).toggle();

      $("#loginn").hide();

      readerView = false;

    }

  });

  $(".signin_btn").click(function()

  {

   if(redister == false)

   {

     $( "#maining" ).toggle();

     $("#registering").show();

     redister = true;

   }

   else

   {

     $( "#navigation, #maining" ).toggle();

     $("#registering").hide();

     redister = false;

   }

  });

 });
```

The function that checks the text value

```
function checkdata()

{

   var name1=document.getElementById("name1");
```

```javascript
    var name2=document.getElementById("name2");

    if(name1.value==""){

        alert("Please enter your name");

        name1.focus();

        return false;

    }

    if(name2.value==""){

        alert("Please enter the name of your beloved one");

        name2.focus();

        return false;

    }

$(".signin_btn1,.signin_btn").hide();

$(".login").hide();

$( "#maining" ).toggle();

$("#cudidsid").show();

    return false;

}

function checkdata1()

{

    var name1=document.getElementById("name3");

    var name2=document.getElementById("name4");

    var name3=document.getElementById("name5");

    var name4=document.getElementById("name6");

    if(name1.value==""){

        alert("Please enter your e-mail");

        name1.focus();

        return false;

    }

    if(name2.value==""){

        alert("Please enter your password");

        name2.focus();
```

```javascript
        return false;
    }

    if(name3.value==""){

        alert("Please create your username");

        name3.focus();

        return false;

    }

    if(name4.value==""){

        alert("Please create your password");

        name4.focus();

        return false;

    }

    $(".signin_btn1,.signin_btn").hide();

    $("#registering").hide();

$( "#maining" ).toggle();

$("#cudidsid").show();

    return false;

}

function checkdata2(){

var name1=document.getElementById("name7");

    var name2=document.getElementById("name8");

    if(name1.value==""){

        alert("Please enter your name");

        name1.focus();

        return false;

    }

    if(name2.value==""){

        alert("Please enter the name of your beloved one");

        name2.focus();

        return false;
```

```javascript
    }
    $("#rating").show();
    var number = Math.floor(Math.random() * 100);
    $('#numberrate').text(number);
$("#okbutton").show();
}
function restart(){
$("#name7").val("");
$("#name8").val("");
$("#rating").hide();
$("#name7").focus();
$("#okbutton").hide();
}
```
